Dear Alex,

In the light of my candidacy for the Presidency I hereby propose to suspend my membership of the Audit and Compliance Committee until after the coming General Assembly. As this Committee functions on the basis of strict objectivity, I believe it best to avoid any misunderstanding despite the fact that no apparent conflict of interest is eminent. I also feel more free to plead my case before the GA and comment certain developments.

In order to stay informed I do ask you to warrant full access to all candidates on an equal basis.

Kind regards,

H.T.E.M. Rottinghuis
